YUULU?IL?ATH? GOVERNMENT

Year ended March 31, 2017

MANAGEMENT'S RESPONSIBILITY FOR THE CONSOLIDATED FINANCIAL STATEMENTS

The accompanying consolidated financial statements of Yuulu?il?ath? Government (the "Government") are the responsibility of management, and have been prepared in compliance with legislation, and in accordance with the CPA Canada Public Sector Accounting Handbook. A summary of the significant accounting policies are described in Note 1 to the consolidated financial statements. The preparation of financial statements necessarily involves the use of estimates based on management's judgment, particularly when transactions affecting the current accounting period cannot be finalized with certainty until future periods.

The Government's management maintains a system of internal controls designed to provide reasonable assurance that assets are safeguarded, transactions are properly authorized and recorded in compliance with legislative and regulatory requirements, and reliable financial information is available on a timely basis for preparation of the consolidated financial statements. These systems are monitored and evaluated by management.

The Executive meet with management and the external auditors to review the consolidated financial statements and discuss any significant financial reporting or internal control matters prior to their approval of the consolidated financial statements.

The consolidated financial statements have been audited by KPMG LLP, independent external auditors appointed by the Government. The accompanying Independent Auditors' Report outlines their responsibilities, the scope of their examination and their opinion on the Government's consolidated financial statements.

INDEPENDENT AUDITORS' REPORT

To the Council and Members of Yuulu?il?ath? Government

We have audited the accompanying consolidated financial statements of Yuulu?il?ath? Government which comprise the consolidated statement of financial position as at March 31, 2017, the consolidated statements of operations and accumulated surplus, change in net financial assets and cash flows for the year then ended, and notes comprising a summary of significant accounting policies and other explanatory information.

Management's Responsibility for the Financial Statements

Management is responsible for the preparation and fair presentation of these consolidated financial statements in accordance with Canadian public sector accounting standards, and for such internal control as management determines is necessary to enable the preparation of consolidated financial statements that are free from material misstatement, whether due to fraud or error.

Auditors' Responsibility

Our responsibility is to express an opinion on these consolidated financial statements based on our audit. We conducted our audit in accordance with Canadian generally accepted auditing standards. Those standards require that we comply with ethical requirements and plan and perform an audit to obtain reasonable assurance about whether the consolidated financial statements are free from material misstatement.

An audit involves performing procedures to obtain audit evidence about the amounts and disclosures in the consolidated financial statements. The procedures selected depend on our judgment, including the assessment of the risks of material misstatement of the consolidated financial statements, whether due to fraud or error. In making those risk assessments, we consider internal control relevant to the entity's preparation and fair presentation of the consolidated financial statements in order to design audit procedures that are appropriate in the circumstances, but not for the purpose of expressing an opinion on the effectiveness of the entity's internal control. An audit also includes evaluating the appropriateness of accounting policies used and the reasonableness of accounting estimates made by management, as well as evaluating the overall presentation of the consolidated financial statements.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion.

Opinion

In our opinion, the consolidated financial statements present fairly, in all material respects, the consolidated financial position of Yuulu?il?ath? Government as at March 31, 2017, and the results of its consolidated operations and its consolidated cash flows for the year then ended in accordance with Canadian public sector accounting standards.

Comparative Information

Without modifying our opinion, we draw attention to Note 2 to the consolidated financial statements which indicates that the comparative information presented as at and for the year ended March 31, 2016, has been restated and that the comparative information presented as at April 1, 2016, has been derived from the financial statements as at and for the year ended March 31, 2016.

YUULU?IL?ATH? GOVERNMENT

Notes to Consolidated Financial Statements

Year ended March 31, 2017

1. Significant accounting policies:

The consolidated financial statements of Yuulu?il?ath? Government (the "Government") are prepared by management in accordance with the CPA Canada Public Sector Accounting Handbook. Significant accounting policies adopted by the Government are as follows:

(a) Fund accounting:

The Government uses fund accounting procedures which result in a self-balancing set of accounts for each fund established by legal, contractual or voluntary actions. The various funds have been consolidated for the purpose of presentation in the consolidated Financial Statements. The Government maintains the following funds:

- The Operating Fund which reports the general activities of the Government administration.
- The Enterprise Fund which reports the enterprise activities of the Government.
- The Social Housing Fund which reports the social housing assets of the Government, together with related activities.
- The Trust Fund which reports the trust fund assets of the Government, together with related activities.

(b) Reporting entity and principles of financial reporting:

The Government reporting entity includes the Yuulu?il?ath? Government and all related entities which are accountable to the Government and are either owned or controlled by the Government.

Investments in incorporated business entities are included in the consolidated financial statements using the modified equity method. This includes YFN Holdings Limited Partnership ("YFN HLP").

All inter-entity balances have been eliminated on consolidation.

(c) Government transfers:

Government transfers received relate to social development, child care, housing and health programs. Government transfers paid relate to social services programs. Transfers are recognized in the consolidated financial statements as revenues or expenses in the period in which events giving rise to the transfer occur, providing the transfers are authorized, any eligibility criteria have been met, and reasonable estimates of the amounts can be made.

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

(d) Non-financial capital assets:

Non financial assets are not available to discharge existing liabilities and are held for use in the provision of services. They have useful lives extending beyond the current year and are not intended for sale in the ordinary course of operations.

(i) Tangible capital assets

Tangible capital assets are recorded at cost which includes amounts that are directly attributable to acquisition, construction, development or betterment of the asset. The cost, less residual value, of the tangible capital assets are amortized on a straight line basis over their estimated useful lives as follows:

Asset	Useful life - years
Buildings, except social housing	3-25
Water and waste water systems	20
Roads	10-20
Machinery and equipment	3-20

Annual amortization is charged in the year of acquisition and in the year of disposal. Assets under construction are not amortized until the asset is available for productive use.

(ii) Contributions of tangible capital assets

Tangible capital assets received as contributions are recorded at their fair value at the date of receipt and also are recorded as revenue.

YUULU?IL?ATH? GOVERNMENT

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

(e) Contaminated sites:

A liability for contaminated sites is recognized when a site is not in productive use and the following criteria are met:

- (i) An environmental standard exists;
- (ii) Contamination exceeds the environmental standard;
- (iii) The Government is directly responsible or accepts responsibility;
- (iv) It is expected that future economic benefits will be given up; and
- (v) A reasonable estimate of the amount can be made.

The liability is recognized as management's estimate of the cost of post-remediation including operation, maintenance and monitoring that are an integral part of the remediation strategy for a contaminated site.

(f) Use of estimates:

The preparation of consolidated financial statements requires management to make estimates and assumptions that affect the reported amounts of assets and liabilities, and disclosure of contingent assets and liabilities at the date of the consolidated financial statements, and the reported amounts of revenues and expenses during the period. Significant estimates include assumptions used in estimating collectibility of accounts receivable, the estimated useful lives of tangible capital assets and the estimated liability for contaminated sites. Actual results could differ from these estimates.

YUULU?IL?ATH? GOVERNMENT

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2017

1. Significant accounting policies (continued):

(g) Financial instruments:

Financial instruments are recorded at fair value on initial recognition. Freestanding derivative instruments that are not in a qualifying hedging relationship and equity instruments that are quoted in an active market are subsequently measured at fair value. All other financial instruments are subsequently recorded at cost or amortized cost, unless management has elected to carry the instruments at fair value. The Government has not elected to carry any such financial investments at fair value.

Transaction costs incurred on the acquisition of financial instruments measured subsequently at fair value are expensed as incurred. All other financial instruments are adjusted by transaction costs incurred on acquisition and financing costs, which are amortized using the straight-line method.

Financial assets are assessed for impairment on an annual basis at the end of the fiscal year if there are indicators of impairment. If there is an indicator of impairment, the First Nation determines if there is a significant adverse change in the expected amount of timing of future cash flows from the financial asset. If there is a significant adverse change in the expected cash flows, the carrying value of the financial asset is reduced to the highest of the present value of the expected cash flows, the amount that could be realized from selling the financial asset or the amount the First Nation expects to realize by exercising its right to any collateral. If events and circumstances reverse in a future period, an impairment loss will be reversed to the extent of the improvement, not exceeding the initial carrying value.

2. Correction of error:

a) Loss from investment in YFN HLP:

The audited financial statements for YFN HLP were not available as at the previous year's audit report date and therefore the Government's allocation of the net loss for the year ended December 31, 2015 was not included in the Government's financial statements in the prior year. During the current year, audited financial statements of YFN HLP were received for the year ended December 31, 2016 including reviewed comparative balances for the year ended December 31, 2015.

The consolidated financial statements for the 2016 comparative period have been restated to appropriately reflect the loss for the prior year. As a result of this restatement, the following account balances were adjusted:

	As previously stated March 31, 2016	Adjustment	As restated March 31, 2016
Long term investments	\$ 31,078,041	\$ (1,059,292)	\$ 30,018,749

Notes to Consolidated Financial Statements (continued)

Year ended March 31, 2017

9. Replacement reserve fund (continued):

As at March 31, 2017, the Replacement Reserve Fund was fully funded (2016 - under funded by \$28,140).

10. Budget data:

The budget data presented in these consolidated financial statements is based upon the 2017 operating and capital budgets. These budgets have been approved by the legislature. Amortization was not contemplated on development of the budget and, as such, has not been included.

11. Economic dependence:

The Government receives a major portion of its revenue pursuant to a funding arrangement with Indigenous and Northern Affairs Canada (INAC).

12. Comparative information:

Certain 2016 comparative information has been reclassified to conform with the financial statement presentation adopted in the current year. These reclassifications did not impact earnings. See also note 2.

13. Contingent liabilities:

- a) The Government is contingently liable to the Federal Government for guaranteed mortgages of certain Government's citizens. At March 31, 2017 the amount of this contingent liability was approximately \$20,000 from estimates provided by INAC.
- b) The Government has guaranteed the loans of certain Limited Partnerships and Corporations which it owns. As at March 31, 2017 the total loans being guaranteed were originally issued for \$5,534,874 and have a current balance totaling \$2,926,153. The Government has also guaranteed \$645,000 in overdraft and credit card facilities for these Limited Partnerships and Corporations
- c) The Government has received funding from CMHC to provide major renovations to the homes of certain of its citizens. This funding of \$85,065 (2016 - \$85,065) becomes repayable in the event that the citizen does not remain in the house for a period of five years.

Year ended March 31, 2017

13. Contingent liabilities (continued):

- d) During the year ended March 31, 2004, the Government received certain funding on behalf of the First Nations of the NTC Central Tribes. This group has since disbanded and the funds were brought into the Government's revenues during the year ended March 31, 2012. The Government is contingently liable for \$54,718 (2016 - \$54,718) in the event that it is established that these funds should have been returned or used in another manner.

14. Financial Risks:

The financial instruments of the Government consist of cash, accounts receivable, restricted cash, investments, advances to related entities, accounts payable and accruals. Unless otherwise noted, it is management's opinion that the Government is not exposed to significant interest, currency, or credit risks arising from these financial instruments. The fair value of the instruments approximates their carrying values, unless otherwise noted.

The Government is exposed to financial risk that arises from the fluctuation in interest rates and in the credit quality of its customers and related parties.

Credit Risk

The Government's credit risk consists principally of cash and cash equivalents, accounts receivable, and loans receivable. The Government maintained cash and cash equivalents with reputable and major financial institutions.

Interest Rate Risk

The Government is exposed to interest rate risk with respect to cash and cash equivalents, and borrowings. There are no derivative financial instruments to mitigate these risks.

There has been no significant changes in these risks from 2016.

15. Segmented information:

The accounting policies used in these segments are consistent with those followed in the preparation of the consolidated financial statements as disclosed in Note 1. The following table presents the expenses incurred and the revenue generated by each main object of expense and by major revenue type. The segment results for the period are as follows:
